## APPENDICES.

### REPORT A.

We, your Executive Board, report as follows:

We have had one meeting of the Board in the past year; but have done nothing in the way of missionary labors.

Brethren, we have had no funds to operate with, and we find that pledges will not do to depend upon. Your Board is now in debt about

\$100, and no funds on hand. Now brethren, what will you do? One or two things is inevitable: we must raise a cash fund, or drop domestic missions. Are we missionaries, or are we anties? Our action in the matter will determine. Respectfully,

G. M. PHILLIPS, Sec. of Board.

## REPORT B.

Your Committee on Publications report:

That we would urge the propriety and duty of every Baptist family taking some religious newspaper. The merits of our church organs are acknowledged to be of vast importance to our people, and it is a sad fact that these merits are but little appreciated, and less realized, from the fact that inattention and inconsideration have led us to deplorable neglect of religious literature. We recommend to the kind consideration and cooperation of the brethren, the "Baptist Record," published at Clinton, Miss., also that noble vindicator of Truth, "The Baptist," published at Memphis, Tenn. Respectfully,

D. J. AUSTIN, Chairman.

## REPORT ON FOREIGN MISSIONS.

The King of Zion has said "Go ye into all the world and preach the gospel to every creature. God has designed that his gospel should be carried to the uttermost parts of the earth. Ask of me and I will give thee the heathen for thy inheritance, and the uttermost parts of the earth as thy possession." The Lord has at last answered the prayers of his people, and opened up a large number of fields that prior to this time have been entirely closed against the gospel. It is time for us to go and occupy. Ethiopia stretches out her arms. We have at last renewed our missionary work in Africa. Brother David, a native Mississippian is thereto at work, aided by brother Cooley, a colored preacher sent over by our Board. Thier success has been great.

The work in China is well known to all; and missionaries have been blessed abundantly during the past year and many converts have been baptised.

Previous to this time, Japan has resisted all of our efforts; now she opens wide her doors and tells us to enter. When the Lord opens the way we must occupy. The Italian work is now demanding our serious consideration. The Southern Baptist Convention has bought a house of worship for \$25 000. This building is situated in a very favorable situation in Rome, and the Convention calls on Mississippi for five hundred dollars, a portion of the amount has been raised.

We recommend that each of our churches take up a collection for this object. We did scarcely anything last year for foreign missions. Shall another year roll around and nothing be done?

Let each pastor take hold of this work and push it on. We recommend the "Foreign Mission Journal," at Richmond, Va.

Respectfully, J. T. CHRISTIAN, Chairman.

## REPORT ON DOMESTIC MISSIONS. [E]

Your committee on this subject report:

That there is great destitution in the bounds of this association, which can only be supplied by the Association; through an evangelist. And we do think, indeed we know, that it is our duty before God to supply as far as we have the ability, this vast destitution with the word of life. And we would urge upon this body the great importance of taking some steps immediately to meet this destitution, by sending them the living ministry, whose duty it should be to spend at least half his time preaching in the destitute portions of the Association. Respectfully,

G. M. PHILLIPS, Chairman.

## REPORT ON SABBATH SCHOOLS. [F]

Your committee on Sabbath Schools report:

That, notwithstanding the spirit of Sunday Schools is at a low ebb in our Association, yet we believe they are of great importance to the churches. For by this means the rising generation are called together from Sabbath to Sabbath, and taught the true character of our Lord and Savior; which will almost invariably make valuable impressions on the mind, not easily erased.

Sabbath Schools are not only beneficial to the young, but they also prove a great blessing to those more advanced in life, when well conducted, their thoughts are directed to the word of truth which teaches the way of salvation, and the unconverted learn the way of life and their true condition, we recommend that the churches make up in this important subject, and organize Sabbath Schools in the churches. Submitted.

J. J. ANDREWS, Chairman.

## REPORT ON FOREIGN MISSIONS. [D]

The Lord ordains and men must use means. The Lord must call preachers and preachers ought to prepare themselves for their work.

To that end our colleges and schools are founded, not to make preachers, but to prepare them. The masses are being highly educated, and our preachers must keep pace. Let all of our young ministers try to obtain an education.

We recommend Mississippi College, at Clinton, Mississippi, and the B. T. Seminary, at Louisville, Ky.

D. W. ANDREWS, Chairman.

## REPORT ON DOCUMENTS.

We, your committee, recommend to the membership generally, the

9  
taking and reading the "Baptist" published at Memphis, Tenn., also the "Baptist Record," published at Clinton, Miss., and especially the New Testament.

We see, by examining the letters from the Churches, that there has been comparatively few accessions during the past year, and we recommend that the churches make this a matter of earnest prayer.

The next session of the union of the first District, to be held with the Hopewell Church, commencing on Thursday before the third Sabbath in August, 1879. Elder W. J. Thomas to preach the introductory sermon, and Elder J. C. Gillington, alternate.
